Extremely brief and concise coverage of topics. The tests are great, however there is no explanation of what to do when writing an essay or how to prepare for essay writing which is almost 50% of the CLEP grade. Also I found a simple grammatical error exists in the bookb on page 29 in the example of a correct method which is confusing. Other then those areas lacking or in error, it is a good quick subject review.

There were spelling errors and grammatical errors in this English book. Very disappointing and made it hard to take serious. Did pass the CLEP though. Probably more so because of the study material provided to me when I signed up.

I passed my CLEP using this book!!!!

Helped my son prepare for the CLEP test.

Best prep book I have come across.
