Customer Reviews

Joshua Cole is Professor of History at the University of Michigan. Specializing in the social and cultural history of France since the Revolution of 1789, he earned his Ph.D. at University of California at Berkeley. He is the author of *The Power of Large Numbers: Population, Politics, and Gender in Nineteenth-Century France* (2000). Carol Symes is an Associate Professor of history and Director of Undergraduate Studies in the history department at the University of Illinois, Urbana-Champaign, where she has won the top teaching award in the College of Liberal Arts and Science. Her main areas of study include medieval Europe, especially France and England; cultural history; history of information media and communication technologies; history of theatre. Her first book was *A Common Stage: Theater and Public Life in Medieval Arras* (2007). Judith Coffin (Ph.D. Yale University) is Associate Professor at the University of Texas, Austin, where she won University of Texas President's Associates' Award for Teaching Excellence. Previously, she taught at Harvard University and the University of California, Riverside. Her research interests are the social and cultural history of gender, mass culture, slavery, race relations, and colonialism. She is the author of *The Politics of Women's Work: The Paris Garment Trades*,

1750-1915. Robert Stacey (Ph.D. Yale University) is Professor of History, Dean of the Humanities, and a member of the Jewish Studies faculty at the University of Washington, Seattle. A long-time teacher of Western civilizations and medieval European history, he has received Distinguished Teaching Awards from both the University of Washington and Yale University, where he taught from 1984 to 1988. He has authored and coauthored four books, including a textbook, *The Making of England to 1399*. He holds an M.A. from Oxford University and a Ph.D. from Yale.

It's an interesting book, and it's probably a good one, but it's nearly impossible to read in this format. It is a book file, yes, but that doesn't make it an ebook. Imagine taking pictures of a textbook, and then zooming each page, moving it around to read all the text, turning the page to see all of an informative two-page spread with images, and moving THAT around...Even my desktop monitor (22 inches) was not big enough to display entire pages. I bought this in ebook form so I could read it on my phone, but eyestrain and frustration made me give up. **WOULD NOT RECOMMEND** unless you plan to only read it on a large screen!

Does give a detailed account and transitions nicely, but my only caveat would be that there are biases. I don't mean biased by the fact that history is written by the victors-- something the textbook does point out, but bias as in that is not all to the story. Only a single perspective is told-- from a certain religious analysis and I don't think that's an objective representation when in all other cases, both perspectives are told.

its history, google it

It came all beat Up with some of the pages already falling off but its still very useful,

I needed this book for a class. It's even fun to read if you read it in Peter Weller's voice!

This time I actually received the correct book.

I had to buy the book for school. The ebook is a much cheaper alternative.

Purchased for School
