California Government And Politics Today (14th Edition)

Synopsis

Updated in its 14th edition, California Government and Politics Today focuses on ethnic and cultural diversity, the global economy's impact on California (and vice versa), and the emphasis on political involvement as an essential component of achieving the California Dream. This new edition continues a tradition of scholarly and practical coverage of California government.

Customer Reviews

I needed this book for my Political Science class. Easy to read book and its way cheaper here on than my school's bookstore. Its a great book to read whether its for class or for knowledge

I rented this to get through a class. It was the way to go for me and would suggest it for those who need this book.

An interesting read for my government class.

Great product.

Having not grown up in California I was always a little in the dark as to how things operated in this State. However, when I picked this book up as part of a Political Science class I found myself much

better off. The book is short, which is really a good thing. Yeah, the author could have droned on about the minute detail of every aspect of California's government and political system, but she didn't. Rather, she laid out, in a concise fashion, an explanation of the governmental and political system in California that gives a person enough knowledge to understand what is going on around them and to make well informed decisions at the ballot box. I would suggest this book for anyone who wants to be able to spend just a couple hours to understand the California system. This is also a great reference book to keep in the house. You won't be disappointed.

Had to purchase this for a college course but my husband claimed the book right away once my class was finished, as he finds it very useful and hands-on (quick reference guide) for his job.

The information in this book is too brief for my Political Science class. I ended up answering my California Government exam only from my class notes.

Everything you need to know about California politics is in here
