Customer Reviews

"God wants you to have a marriage full of love and full of passion."--Dr. Willard F. Harley, Jr. Regardless of how long you've been married or the current condition of your marriage, this guide will help you make your love for each other last a lifetime. You'll remember why you fell in love in the first place, renew your commitment to your marriage, and rediscover your passion. For over twenty-five years, Dr. Harley's bestselling book *His Needs, Her Needs* has been transforming marriages all over the world. Now you and your spouse can experience its life-changing message with this interactive six-week study. Designed to follow the *His Needs, Her Needs* DVD, this participant's guide takes you step-by-step through the important concepts of *His Needs, Her Needs* in six sessions. Willard F. Harley, Jr. is a nationally acclaimed clinical psychologist, marriage counselor, and the bestselling author of many books, including *His Needs, Her Needs*; *Love Busters*; and *Draw Close*. His popular website, www.marriagebuilders.com, offers practical solutions to almost any marital problem. Dr. Harley and his wife, Joyce, host the daily call-in show *Marriage Builders Radio*.

Willard F. Harley, Jr. is a nationally acclaimed clinical psychologist, a marriage counselor, and the bestselling author of numerous books, including *His Needs, Her Needs*; *Five Steps to Romantic*

Love; Love Busters; and Draw Close. His popular website, www.marriagebuilders.com, offers practical solutions to almost any marital problem.

Some of the reviewers who say that Harley is out of date, sexist, etc., aren't giving him a fair evaluation in my opinion. When Harley states things like physical attractiveness are important to men - that's not sexist or shallow... it is reality. His whole point is that there are things that are GENERALLY important to the different genders. If a woman wants to get upset at a man for placing a premium on physical attributes what they're really saying is that they don't want to listen to a professional therapist's assessment after years of counseling. That would be like a guy saying that financial security or affection shows how shallow women are. His whole point is that the two genders are wired differently and in order to make deposits in the other person's "Love Bank" you need to learn what those things are and make an effort to meet those needs. The problem with most relationships is that many people think it is all about them... and they rationalize their deficiencies and laziness by saying the other person is shallow. If you really want a genuine relationship with someone other than yourself you need to learn what makes them tick and how to fill up that Love Bank. Choosing not to is the true definition of being shallow.

Saved my marriage! Also, it provides a huge amount of counseling for cheap for those who can't afford counseling. This is great if you are, or are partnered with, a woman with traits that are typically more "masculine." There are so many books that try to make you bend to something you are not if you are a "strong" woman in order to save your relationship. Those approaches are crap and are destined to lead to unhappiness. His needs, her needs is about recognizing your emotional needs and also recognizing your partner's and providing the resources to meet each other's needs. It really seems like common sense, but no one teaches couples these things.

This book, workbook, and video does a good job about informing difference in the males perspective and the female perspective while still being respectful. It also gives logical and practical examples of how an affair could begin without making the strayed spouse feel like a complete failure. And gives helpful information to repair the relationship. So this is a start to finish style book it tells you how the perspective may lead to an affair and then gives useful information for fixing the relationship so you can both move forward. I have really enjoyed this book and lesson with my husband we would read it during our couch time and it always led to some great discussions.

Good pre-marriage, marriage, and refresher book. We read for our pre-marriage class and have used this information during the 17 years of marriage & are using for the pre-marriage class we are holding now. It's not about me, but about us and having a fulfilled loving marriage. We both feel loved, honored, and fulfilled when we keep in mind the tools of this book.

We are doing the course work in a church Bible Study. Great study - simple - and a good way to 'come together' over things you didn't know you didn't sometimes agree on. Get and read the book together. :)

I have an earlier 1986(?) edition, a New York Best seller, then. I was happy to see a recent revised edition along with a separate workbook . A great gift and tool for a great marriage. Enjoy :)

My wife and I started reading this book and within 2 weeks we were having the best sex we have probably ever had. We are back in love.!!

Just a warning-- this is a small workbook meant to be used with a dvd set, which does not come with it. I thought I was purchasing an additional copy of His Needs, Her Needs for my husband (he's a truck driver).
