Customer Reviews

My husband and I are planning to visit the Maldives next year and although the overall consensus is

that it is a fabulous place to visit, there are so many resorts, how do you pick? This Brief Guide was a wonderful primer and resource for me to plan our trip. I absolutely recommend it if you are considering a visit.

Great little book which helps you getting to know the Maldives quickly.

A must-read for anyone planning to travel to the Maldives!

Great guide to the Maldives written by someone who has spent many years there. Great information on the multitude of resorts that are in these islands, and advantages and some disadvantages of each. It gives you a great sense of the atmosphere of the resort and what it might be like to stay there. I found it really useful to narrow down choices from an overwhelming assortment. If you are considering the Maldives, I would highly recommend you pick up this book and ensure that you pick a resort that suits your needs and desires.

This is a fantastic book written by a great author. Unlike some books this book has been written by someone who has spent years in the Maldives stopping at many islands. It gives you great advice which can stop costly mistakes. It also helps you plan your trip and go to the island which best suits you.
