With Purpose And Principle: Essays About The Seven Principles Of Unitarian Universalism

Synopsis

A short history of the Principles and Purposes followed by essays from present-day UU leaders including John Buehrens, Marilyn Sewell, Earl Holt and Barbara Merritt. Excellent for use in new-member classes, as well as for those seeking insight into this essential piece of our living tradition. Edward A. Frost has been the Senior Minister of the Unitarian Universalist Congregation of Atlanta, Georgia, since 1989. He previously served congregations in Princeton, New Jersey, and in New England.

Customer Reviews

An interesting and helpful introduction to the UU Principles and Purpose, with some good historical background to help set the scene. If you want to know what UU's believe, this is an excellent read.

Several different points of view make this clear presentation of UU principles a must read for potential and newcomer UUs. I have recommended this book to a friend.

The illumination of the principles that I find so inspiring in the book made me weep. Great to read

different writers on each principle

The Unitarian Universalist Association of Congregations meets annually to take care of business in a General Assembly. This book has an introduction and conclusion written by the editor along with a chapter on each of the 7 principles. Each of chapters on principles is written by a different author with very different writing style. Therefore, the results are mixed with some chapters quite good and others not so. By reading this book, one gains a clear understanding of the historical and procedural development of the 7 principles. What is ironic is that after you understand the development of these principles they do not seem so important. But, when attending a UU church, one will continue to hear the 7 principles referred to in a reverential way.

This is an excellent little introduction to an open-minded, inter/non-denominational religion that many find very confusing. UUism requires members to think for themselves and form their own opinions rather than being given a religious script to be brainwashed by. With purpose and principle: Essays about the seven principles of Unitarian Universalism
