Jamaica (Insight Guides)

Synopsis

This brand new edition Insight Guide provides all the information you need to enjoy the spectacular scenery and intriguing culture of Jamaica. Well-researched text provides explorations of major sights and attractions, such as the majestic Blue Mountains, Port Royal, the Bob Marley Museum in Kingston and the miles of beautiful beaches, including Montego Bay and laid-back Negril. Clear, colour-coded sections make it easy to navigate around the book. Places of interest are cross-referenced on full-colour maps throughout the guide, whilst additional maps can be found within the front and back covers, providing instant orientation. In-depth features on history cover the plantation era, the transition to independence and much more. There are also features on Religion, Reggae and the unique Jamaican people themselves, giving you a rare insight into the culture of this fascinating country. The guide also contains comprehensive information on eating out, shopping, nightlife sport and accommodation suitable for all budgets, along with contact information and many other useful travel tips. The unique combination of insightful exploration alongside practical advice means that this guide truly is a pleasure to read before, during and after your visit.

Insight Guides wherever possible uses local experts who provide insider know-how and share their love and knowledge of the destination. --This text refers to an out of print or unavailable edition of this title.

Good selection of topics- history,geography,culture,etc.

Best book for tour guides to use as a training manual. IT describes Jamaica by route and also by key subjects and is an easy read. Very informative, even if latest version is outdated.

This book is so cool. I had the previous edition and gave it to a friend and ordered the new one for me. Great reference book for a first time visitor or a seasoned jamaicaholic.

Very helpful resource. Much cheaper via than most other similar books. It is top quality. And I have been buying travel books for years! I probably have close to 20 over the last 20 years from all over Italy, Mexico and Ireland. This guide is every bit as good as my favorite guide books (DK Eyewitness) and the price was far less.

I needed a tat more practical info. Good

This book arrived in a timely fashion, in good condition, as described! :) I am hoping it will prove useful before my trip!

Fast and great

First of all,I think travel books should be something that you take with you while you travel. This book on Jamaica has great color pictures and it's printed on great paper, but that makes it heavy and not the best to travel with. I find the section on history, culture helpful, but the advice on traveling isn't the best. I read both books and found the Moon guide to be a better fit, at least for budget traveler like me who likes to travel light. I would use this book as a resource for planning the trip, but won't take it with me on the trip.
