Synopsis

DISCLAIMER: This duology is part of my Watcher series of books. You need to have either read my Watchers Trilogy or Watcher Chronicles. Appropriate for ages 13+. Lilly and Brand's daughter, Caylin, saw her soul mate for the first time when she was fourteen years old. After a simple exchange of smiles, she knew her life was set on a path which would lead Aiden back into her world forever. For three long years, Aiden keeps his distance from Caylin out of respect for her parents' wishes. Being a Watcher who once gave into the dark side of his curse, Aiden uses the time to come to terms with his own demons and strives to become a man worthy enough for the granddaughter of an archangel. Caylin learns that one of the Princes of Hell, Baal, is out to kill her. With the help of her family and Aiden, she discovers why he wants her dead and what she needs to do to stop him and the other princes from destroying not only her future but the future of the world.

Here we go again with erasing my reviews. It's getting old fast. Were do I start. Hmm well I have been a Hugh fan of s.j west for a every on time and I was not disappointed in this book or any of her others for that matter. I love know what the characters are up to and what kind of trouble they are facing and beating. Her books gives me hope that there is still good people out there but we are just hiding. I know they are just books but the power they have is amazing. Thank you for writing such powerful books and look forward to more

I've been waiting for months for this book and when I finally had it in my little hands, I finished it in record speed. Once again kudos to SJ West for an excellent job in relating Caylin's and Aiden's story. I loved the characters and their interactions with each other as well as with those from past books. Such a treat to continue to read about Malcolm (my absolute favorite angel!) Lilly, Brand, Tara, Mason, Jess and the vessels. I am once again anxious for the next installment and glad October is only a couple of months away so my wait won't be too long :-). I highly recommend reading this book if you love The Watchers trilogy. SJ is a wonderful story teller who transports the reader into the lives of the characters and makes you feel like they are your friends too.

TimelessBook 1 of Caylin's StoryBy S.J. West27 July 2015Continuing my journey into the world of Author S.J. West's Watcher Series, I'm now introduced to Caylin, Brand and Lilly from the first Watcher Trilogy oldest daughter. She's now a 17 year old teenager in love with her soul mate. The story continues with the ease and transition of Author S.J. West style I've become amazed with and expectant of. All of the characters I come to love and adore, and even the ones I love to hate, are fully present as she brilliantly weaves the next phase of this journey. You'll get to know Caylin and what a force to be reckoned with that not even she herself truly knows of herself yet. But I can truly say that I ravage this book in just the same way I ravaged the last 7. I anticipate all that this series has to offer as I read this 2 book series that is setting the scene for the next set of books to continue this epic story. You still have the emotions and excitement you'll carry with you from the first two sets in this series, along with the drama and mystery that surrounds the story I have grown

accustomed to. It is a little slower pace than the last 7 books. But understandably so, because it's from the perspective of a teenage as her storyline blossoms and comes to maturity. I have truly discovered a precious gem!!! I'm off to read the next book in this 2 book series, before I move on to the next parts of this continuing saga.....Another definite 5 Star Read!!!

Caylin and Aiden's story is pretty slow paced not a lot happens until the end and it's brief. But even so it's a cute story and I love how the previous characters make appearances in this one. You can't help but fall in love with all the characters in the previous series and see where life has taken them thus far and how they are doing.

Ah another element added to Watchers, Caylin and Aiden. I am in love with all the watchers, but Aiden is the one I would choose, if the choice were mine! Their story starts another generation and it's one I was so excited for. All of our original cast is still involved, but Caylin is now the heroine. She is Lily's and Brand first born. I hope that when you read my reviews it will prompt you to read this entire series. This has been an adventure for me and luckily there is more to come. Thank you C J West for thinking up, and writing these books, they have made my life a better place to live in. Stay tuned for the finish of this story!

I totally enjoyed the first installment of Caylin's story, and the refreshing subject matter from the Watchers world of S.J. West. Caylin is young here, but also kickass. She is likeable and a great example of a responsible teen. Aiden is an imperfect hero who is easy to love. Fighting the battle to do what is right, rather than what is easy, is something I can relate to on occasion. His transformation is startling. West does a great job writing this sweet, romantic, love story. I feel that the content is appropriate for readers no younger than 14.

I love Caylin and Aiden! They are probably my two favorites (aside from yummy Malcolm). This story is great, I love seeing Lily and Brendt all grown up and I love how involved with the family Malcolm is. It is a great way to bring the other watchers upfront and let us get a feel for their personalities before they become more vital in Jess's story and Malcolm and Annas stories.

I really enjoyed the first two series of Watcher books that dealt with Lily and Jess. I consumed them in a matter of days. I most liked Jess & Mason's story of the two major romances but became a huge fan of Malcolm. His inclusion in this series was one of the major reasons I enjoyed them. The

love story between Caylin and Aiden seems overly juvenile and boring. I would have Stopped reading them if it wasn't for the fact that these books are gateways to the next series which features Malcolm. I didn't bother to read Aiden's Story as a result.
