DARK GUARDIAN CRAVED (The Children Of The Gods Paranormal Romance Series Book 12)

Synopsis

This series is wonderful. I read J R award, Alexandra Ivy, Lara Adrian and a few others but Children of the Gods I can't put down! Now how long to I have to wait for book 13 Seriously excellent book! I don't think there are enough positive words in the English language to adequately describe how good this book, this entire series, is. I'm captivated from the first words and devastated when I finish the book, anxious for the next one. I.T. Lucas is a master story teller and does an amazing job bringing the characters to life while also threading in the previous stars so seamlessly, keeping us all apprised of each set of couples as they go through their lives. Such amazingly awesome books! 5 Stars!! I waited until I finished reading all 10 books currently available in this series before leaving a review. It's rare for me to give 5 stars in a review, but this series deserves it. I wasn't disappointed with even one book and with 10 in the series that amazed me. Great world building, very likable characters, satisfying and engaging storylines. The books do include sex, but unlike a huge majority of today's paranormal/romance authors this author doesn't make the sex scenes crop up every 5 minutes. Nor do they go into the type of explicit detail that so many books have today. Not to say they are tame. They're hot alright! So you have great plots, characters you care about, sex, a paranormal wow factor...what's not to like?!! Lucas weaves a wonderful world within a world. The character development is great. The story line is riveting as well as entirely believable. I have enjoyed immersing myself in the immortal world through the first 12 books. Anxiously awaiting book 13 in the series. Cautious after a lifetime of disappointments, Eva is mistrustful of Bhathian's professed feelings of love. She accepts him as a lover and a confidant but not as a life partner. Jackson suspects that Tessa is his true love mate, but unless she can overcome her traumatic past, he might never find out. Carol gets an offer she can't refuse--a chance to prove that there is more to her than meets the eye. Robert believes she's about to commit a deadly mistake, but when he tries to dissuade her, she asks him to leave. This time for good.

Series reading order

Customer Reviews

If you like a series with an ongoing story line, a cast of well developed characters that show up in every book, sex, and interesting plot twists, then this a series for you! I was hooked from the first book and now wait impatiently for the next book. This book told the continuing story of Eva and Bhathain's (two immortals) love for each other after being separated for 30 years. They have been brought back together to be with their daughter, Nathalie when who is expecting their Granddaughter. They are all part of the "good" immortal's that secretly help humanity under the constant threat of the Doomers, the evil immortals, that just want to reduce humanity to slaves. This is a simplified explanation of this story. There are other family members that are included in each book and I promise you won't be bored. I don't write reviews for the sake of writing. I only write reviews for books that I really enjoy and seriously wait for the next one. This series now has it's place among my favorites.

I love this series. Each book centers around two main characters but there are several side stories taking place too. Eva has been on her own for a long time and doesn't want to depend on any man. Bhathian has been searching for Eva for years and is ecstatic when he finally finds her. They are

drawn together; he loves her but she isn't sure what love is. They share their daughter Nathalie who gives birth to a beautiful baby girl. She and Andrew are proud parents. The next step is will Nathalia be able to transition. In addition Jackson and Tessa are growing closer and he's helping her get over her past. Great read!

This book and it's series that starts with "Dark Stranger the Dream" is so amazing...I This book is #12, Dark Guardian Craved, is amazing. The writing from the first word on the first book will keep you coming back for more. I.T.Lucas, has a gift for storyline's, and she leads you thru each character, completely, yet all the characters are in all the books. You feel as if you are there with each person. I got the first 11 books and devoured them in a matter of a week. I can't say enough about this series. It is amazing, eventful, sexy, and it just takes you in. I hope that the series never ends.

I can't wait for each new book so I literally checked every day for this newest book to be released and once it was, I stopped everything and read it in one sitting. I barely even spoke to the hubby as I couldn't put it down! I am 100% genuine when I say each book is better then the one before! I wish they would never end!! I really hope this author keeps writing this series for many many many more books as there are so many characters I'm in love with and so many potential stories I can't wait to read! Thank you so much I.T Lucas!! You have made my top 3 favorite authors..along with J.R Ward and Angela Knight! Now I'm off to check every day for the next one!!

I absolutely LOVE these books. I can't say it any better than that. I anxiously wait for each one to come out, and I'm never disappointed when they do. So many things happened in this story that I've been waiting/hoping for!!!! I can't wait for book 13! I was also REALLY happy to see a brief glimpse of Mark - I really hope he gets a bigger part as the series goes on. Highly recommend this book!!

This series is for everyone who likes the "different"! I read these in one sitting because I can not put them down! If you like people who live forever and are kind of like vampires but they are not then you will love this series. Some books have more sex than others but this one had more of a story than sex which I enjoyed. But the series.....you will not be disappointed!

I. T. Lucas is blowing me away with this series! I'm surprised that I have been as taken with it as I am, because it is a bit outside of my usual genre, but she has me addicted. I just finished book 12

today and I am devastated that I have to wait for the next one. Well done, Ms. Lucas! I will be on the lookout for the 13th!

I finished the book today. I must say that the story still keeps getting better and better. The plot is getting more interesting and characters developing in more natural way then in other works/books of paranormal romance. I do love the fact that even if the more central story line spins around Eva & Bhathian, we still know what's going on with the rest of people around them. Can't say that I love all the characters in the series. However, even those (like Nathalie, who annoys even me by now) moving the pot with each book. I just wish we learned more about the rest of the clan as well, not just US part. How about other daughters that Annani has? Still looking forward to reading the next story.
