ASSASSIN'S CREED IV BLACK FLAG (Insights Journals)

Synopsis

Few moments in history have proven as timelessly fascinating as the lawless Golden Age of Piracy, which was largely played out in the Caribbean of the sixteenth and early seventeenth centuries. In this time of rebellion, fortune, intrigue, and adventure, Blackbeard stands as one of the most fearsome captains to have ever sailed the seas. Now, as the latest historical figure to take center stage in the Assassin's Creed® franchise, Blackbeard joins the ranks of Edward Kenway—father of Haytham Kenway and grandfather of Connor—as they navigate troubled island waters and carve out their destinies. Thoughtfully crafted to resemble an authentic pirate artifact, this illustrated journal delivers a unique insider's view into the world of the game through fascinating entries that provide a firsthand account of the day-to-day lives of the characters. This one-of-a-kind graphic novel—featuring beautifully etched illustrations and portraits, a wanted poster, removable Letter of Marque, torn pages ripped out by Blackbeard himself, and more—brings the bold worlds of Blackbeard and Kenway strikingly to life.

Customer Reviews

Like [Blackbeard] himself, the book is full of history, tall tale, and full-to-bursting with charm; I really enjoyed the authenticity that Golden put into her work; Even amongst the hyper-glossy higher-production valued art books, there is a great deal of filler or dead space. Not so in this piece. Part art book and part fictional journal, Blackbeard: The Lost Journal should be

welcome in any collector's pile of treasure. "Gaming Trend";The book easily stands on its own as a fascinating graphic novel, with beautiful illustrations and lots of fun removable extras, such as a wanted poster, playing cards, a map, letters and more. "Wink Books";Blackbeard: The Lost Journal portrays Edward Thatch in such a human way and does an excellent job filling some holes in the story of the game, we'll still reward this book, that looks like it's straight from the game, with the maximum score."Meer dan Games

Award-winning and seven-time New York Times best-selling author Christie Golden has written over 40 novels and several short stories in the fields of science fiction, fantasy, and horror. Among her many projects are novels for Star Trek, Star Wars including

good book for class

Beautiful book, worth every cent

This is one of the best fluff items to come along with a video game, the concept, art and detail are amazing. Worth every penny.

Full disclosure: I am a personal friend (over 20 years) of author Christie Golden. Having said that, this is an excellent narrative tie-in to the Assassin's Creed mythos. The text has a fantastic flavor of the period, and draws the reader in, whether for short visits or a cover-to-cover marathon.

Although it is fiction, even if you are not a fan of the game, it has the real look and feel of a journal, Worth the money!

Gave me so many AC4 feels I had to go back and play it again.

This book was awesome! It has the origin story of Edward Kenway and Black Flag in the perspective of Blackbeard. A BLACK BEARD FOR A BLACK FLAG!

This definitely adds a lot to the story of Black Flag, at least where the pirates are concerned..
