# A Child's First Book Of Trump

## Synopsis

What do you do when you spot a wild Trump in the election season? New York Times best-selling author and comedian Michael Ian Black has some sage advice for children (and all the rest of us who are scratching our heads in disbelief) in this perfectly timely parody book intended for adults that would be hysterical if it wasn't so true. The beast is called an American Trump. Its skin is bright orange, its figure is plump. Its fur so complex, you might get enveloped. Its hands, though, are, sadly, underdeveloped. The Trump is a curious creature, very often spotted in the wild, but confounding to our youngest citizens. A business mogul, reality TV host, and now...political candidate? Kids (and, let's be honest, many adults) might have difficulty discerning just what this thing that's been dominating news coverage this election cycle is. Could he actually be real? Are those...words coming out of his mouth? Why are his hands so tiny? And, perhaps most importantly, what on earth do you do when you encounter an American Trump? With his signature wit and a classic style, comedian Michael Ian Black introduces those unfamiliar with the *Americus Trumpus* to his distinguishing features and his mystifying campaign for world domination...sorry...president of the United States.

## Customer Reviews

I was very excited about receiving this book and I am pleased with the book. What I'm less than pleased about is that the dust cover was damaged in transit. This may seem like an inconsequential thing, but I purchased this book to give as a gift and it looks used. I kind of wish I had just purchased it at B&N.

A hilariously amazing book for democrates of all ages all over the world, I suppose republicans have a different view.

Great verse this book has in both meter and rhyme, Arrives on the scene at the very best time! Its jokes and your chortles will find syncopation As reading you drink in its choice illustrations. The subject is viewed both in whole and dissection like a big, orange, hairy insect collection. You'll laugh and you'll cry, for its joy is sincere, But we could be living this nightmare next year.

Funny and clever plus it lets your guest know where you stand especially now that Trump is the president.

Perfect way to make you start your kids off right!! Reads like Dr. Seus and the illustrations are fantastic

So funny! Not really for children, but it's a great comical story for adults!

Very cute.....

Hilarious!!
