Play Clarinet Today! Beginner's Pack: Book/CD/DVD Pack

Synopsis

(Play Today Instructional Series). This is the ultimate beginner's pack for anyone who wants to learn to play clarinet. You get a great book/CD pack plus a corresponding DVD that cover all the basics, including: How to assemble and care for your instrument, producing a sound, reading music notation and rhythms, a fingering chart, a glossary of musical terms, and much more. The CD includes audio instruction as well as 74 full-demo tracks. Perfect for those who want to teach themselves or in a classroom setting. Also available: Play Clarinet Today! Level 2 (HL00842047) and Play Clarinet Today! Songbook (HL00842048).

Customer Reviews

Founded in 1947, Hal Leonard LLC has become the worlds largest print music publisher, representing some of the greatest songwriters and artists of all time. We are proud to publish titles of interest to all musicians as well as music lovers, from songbooks and instructional titles to artist biographies and instrument price guides to books about the music industry and all the performing arts.

Exactly what I expected. The book along with the CD/DVD is very helpful. It is complementing middle school band.

What i needed for starting a new clarinet

This is a pretty good basic book for those just starting with or getting back into the clarinet. I've had three lessons now and have reached the end of what it has. Either time to get the next step or do something else. I just looked at Rubank's Elementary Method book. It has less personality, but far more substance, than this one. I'm going to order the next step in Rubank's, but I've got to get to the end of the first book yet, and there is a LOT more material to go through than the Hal Leonard series!!! don't hate the Leonard book. It's a great book within its limitations, but I hit them at the end of my third week using it. The DVD is very informative, but watch it once and that's the only time you'll need it. The CD is kind of a cute gimmick, though, if you're into playing along with the band at their tempo. Makes playtime out of practice time.

good product

Great for beginners

I'm 47 and picked up a clarinet for the first time. Book is very simple but the play along cd makes all the difference.

I'm back at playing

we're out in the sticks- this really helped our child before school band began. nice introduction for less than one lesson!
