Illuminations A Spiritual Guide To Lettering

Synopsis

Illuminations is a reference guide for learning how to reach within yourself for creating original ideas based on your own personal experiences. The key subject matter is "lettering", but the concepts of "immersion" and "projection" apply to all crafts. The entire book is hand drawn/written, so the entire guide is a direct example of what it takes to move forward with effortless confidence in whatever it may be that drives you. The guide is filled with hundreds of lettering styles spread throughout 86 pages and over 130 images for references and composition models for tattoos, graffiti, and logos. It all comes down to utilizing eastern concepts and putting them to work for the cultivation of your chosen art. Illuminations focuses on the perseverance and surrendering of yourself to your art and becoming one with the path that the Universe has revealed to you.
