Customer Reviews

Definitely a 1970's book. It has some interesting stencils. I would like to see more color pictures of the finished stencils.

The students in my class used the stencils to create projects for the state of Pennsylvania. They turned out beautiful!

Got in a timely manner..very happy with it. Thanks.

Craft project

Just got this today and it was in great shape and am looking forward to using these neat stencils

Completely overpriced. Refund was not granted despite having asked multiple times. Disappointed!

I was thinking this was a book of pre-cut stencils. I thought wrong. They have to be cut out with a hobby knife. But only after being treated with oil and turpentine. Real old fashion. It might be fun, but it'll have to wait for warmer weather, need some ventilation to work with turpentine.

very good seller . Beautifully balanced. Does the job. feel very good . great, my father this it is the best ,
