About the Authors At Educational Testing Service (ETS; Princeton, NJ) we advance quality and equity in education for people worldwide by creating assessments based on rigorous research. ETS serves individuals, educational institutions, and government agencies by providing customized solutions for teacher certification, English language learning, and elementary, secondary, and postsecondary education, and by conducting education research, analysis, and policy studies.

Founded as a non-profit in 1947, ETS develops, administers, and scores more than 50 million tests annually—including the TOEFL® and TOEIC® tests, the GRE® tests, and the Praxis® assessments—in more than 180 countries, at over 9,000 locations worldwide.

If you want get a high score on official Toefl iBT this is the best book you can get your self prepared. If you do all the tests online and repeat them untill you are perfect on the timing then you will definitely score high. The tests in this book simulate the real TOEFL test questions and the format is same as the real test. That's the greatest advantage it has over the other books since this book is written by ETS themselves. This book doesn't tell you strategies about time management so if you need that you may refer Cracking the TOEFL or Kaplan.

The book it self is not bad, it actually was what I was looking for. My problem comes from the DVD-ROM. When I got this book in the mail, I immediately went to install the program in my computer, inserted the disc and my computer started making this weird noises, it sounded as it was rejecting the disc it self, it sounded like tun tuun tun tuun over and over. I thought that maybe it was my computer that was faulty, but then tried in my mom's computer and the same happened, so it is definently the disc. The weird thing is that I searched for anyone else whom this could have happen, and not one answer.

I hate this test but this edition is better than the old ones. I like that there are more exercises than explanations.

really good book to prepare TOEFL iBT

This book doesn't contain sample responses in writing and speaking sections.

A necessity if you want more practice with the iBT TOEFL exams by the makers of the test. The CDs provide great practice for what the actual test will be like.

Software keeps freezing.... worse software ever.

Software gets stuck during tests.
