to get the book too...

Excellent Audio presentation of two stories. This is my second time I bought more audios for my students. I totally recommend it for everyone wants to change their view about life, purpose and money.

Want to change your life of gain a new outlook for yourself and others? This is the tool to use, I made my children and their friends listen and learn.

I read this story and applied it when I was a very young man. Everyone should. The wisdom of the ages in a very short story.

I should have read closer. The stories on the CD are only a small part of the book. I wanted the whole book on tape.

I am extremely pissed about this. My wife bought this expecting it to be the whole book. It isn't. I didn't realize this till it was outside our return window and we can't get a refund. Don't buy this, it isn't worth it.

Great to listen to. Gave one to my niece and nephews too. It is very well done and easy to listen too, some great life lessons to be sure.
