## Synopsis

Savory pies and quiche are incredibly flavorful. They make a great dinner or lunch meal and are really easy to make! Quiche are a naturally savory dish, created in an open pastry crust with moist custard, egg, cheese, meats, vegetables, or any combination thereof! It began as a French dish but has grown in popularity in many countries as an easy, delicious dish to be used for all occasions. Quiche and savory pies are pretty similar but savory pies are sometimes topped with crust and don't typically use custard in them. ## Customer Reviews

Very bare bones recipe book, which I guess makes sense for the price. There are no photos or illustrations, just text recipes that probably could have been pulled from the internet. Some of them are a little vague on the crust and basically just tell you what filling to use, and some of the recipes seem very similar/redundant. All in all it's fine if you need some new ideas for quiche varieties, like you're on an all-quiche diet and you're getting bored with your usual standbys or something, but you can probably get the same information for free on the internet with minimal effort.

The Savory Pie & Quiche Cookbook contains a wide variety of savory quiche or pie recipes. The book is nicely laid out and the recipes seem to be clearly written. The interactive table of contents makes navigation easy. Some of the recipes you will find in this cookbook include: Tomato Pie, Mini-Quiche, Asparagus Quiche, Ham & Wild Rice Quiche, Rice Crust for Quiche, Quick

They say real men don't eat quiche but I am here to tell you I am a real man and I love it. If you think about it all quiche is is an omelette with more flavor and style then just a fried egg and because it's baked it's better for you too. So come on real men and grab a fork and dig right in. Thank you and enjoy your delicious and healthy dish anytime.

Well I am very pleased with this Savory Pie and Quiche Cookbook. Since I love Quiche, I found quite a few delicious and easy to make recipes in this cookbook.What I especially like about this book:1 All recipes give the servings and prep work.2 The recipe ingredients are things I usually have in my kitchen.3 The recipes are easy to make and not that lo g to prepare.Highly recommenderecommended.

this book is actually a pamphlet. recipes are as another review stated, looks as if they were pulled from the internet. and many are really oddball recipes that i don't think most would ever make.

WOW! Excellent, prompt service on part of seller. However, the book is only so-so. Fifty recipes on 53 pages. Mostly off-the-shelf ingredients, including ready-made crusts and biscuits, and other go-withs from a can, bottle, or jar. These are quick and easy recipes for those who don't have time or don't like to cook. If you like to cook and like to eat quality food, this is NOT the book for you.

I love this book making the different Quiche recipes . make them, freeze them cook later. On a lazy day. Or when you have guest just stick in oven and enjoy your guest. So many to choose from. you rock!!!!

Excellent collection of ways to make Quiche.
