Love this. Well made. I like the pictures included near the middle of the book from the original cast.

Note: this is the full script of the play (along with lyrics to the songs, which make up most of the play), but it does not include the actual music (the score).

My son is in this show and is playing the lead. I wanted to get a gift so he can have a great remembrance. This libretto is perfect. The entire show is documented.

A I am new to hip hop, having the written lyrics to this fantastic musical gave me an even greater appreciation for the music and story. This tribute to his family's neighborhood and ethnic culture is overdue and deserves a place in America's list of Broadway hits.

This is a great way to learn some Spanish within the context of the story.

love this play - best price on this book is from !

Not much different from the book included in the CD.

I've listened to the soundtrack a hundred times but wanted to fill in the missing blanks. Love the story!

A great musical, this book is wonderful. As I read it I would play the music from the soundtrack. I wish all musicals would do books like this.
