Gendered Lives: Communication, Gender And Culture

Synopsis

Written by leading gender communication scholar, Julia T. Wood, *GENDERED LIVES*, Ninth Edition, introduces you to theories, research, and pragmatic information demonstrating the multiple and often interactive ways that our views of masculinity and femininity are shaped within contemporary culture. With the most up-to-date research, balanced perspectives of masculinity and femininity, a personal introduction to the field, and a conversational first-person writing style, *GENDERED LIVES*, Ninth Edition, is an engaging text that encourages you to think critically about gender and our society.

Customer Reviews

"I am so high on this textbook because it's 'real' and it 'empowers.' It clearly states how we are socialized about gender issues and that we have a choice on what socialization to accept or reject." (Julia Wood's) examples, particularly the inclusion of students' voices, prompt reflection and provoke debate on the complicated and often controversial subject of gender issues in the Twenty-First Century. I highly recommend this stimulating and engaging book." --This text refers to an out of print or unavailable edition of this title.

Julia Wood joined the faculty at the University of North Carolina at Chapel Hill when she was 24. During her 37 years on the faculty, she taught classes and conducted research on personal relationships as well as gender, communication, and culture. She was named the Lineberger Distinguished Professor of Humanities and the Caroline H. and Thomas S. Royster Distinguished

Professor of Graduate Education. In addition to publishing 25 books and 100 articles and book chapters, she has presented more than 100 papers at professional conferences and campuses around the country. Her accolades include 14 awards honoring her teaching and 16 awards recognizing her scholarship. She received her B.A. from North Carolina State University, her M.A. from the University of North Carolina at Chapel Hill, and her Ph.D. from The Pennsylvania State University.

good

Again, not the latest edition. Copy was more than slightly worn, with cracks on the spine, not as described. Arrived quickly tho. It is important to pay attention to the publishing dates. This was already very out dated and in this quickly emerging field, the newer information is what is required to achieve a good grade.

This is one of those books you would like to keep! It is easy to read and completely helpful as a future reference! I needed a new edition for my online course but I bought this one instead not much of a difference other than page numbers.

I bought Gendered Lives for a course that I am taking, so I consider it a text book. Despite that, this book has enabled me to fully understand gender in an unbiased way. Wood writes from an objective perspective, which allows for the reader to fully understand all aspects of the word gender. The language of the text is accessible for all students of all ages and academic background.

This is for a course but I'm really enjoying it. It is not written in a heavy scholarly manner.

book was in good condition

I bought this when I was to be majoring in communication, just for extra reading. I have since changed majors, but have not read the book yet. I will probably get around to it, because it looks like an interesting read.

This book was required for class and though I hated the class, the book did its job and was what I needed to have to get through.
