Age Range: 1 - 3 years

Grade Level: Preschool and up

Customer Reviews

Cute idea but needs work. The monkey is an odd size, really short & wide. You can't stick your whole finger in, and its so wide that having only part of your finger fit doesn't give you enough movement to wiggle the monkey around very much. The story only goes through the first monkey falling off the bed.

My daughter only sorta-kinda likes this book. I think it's cause it's pretty obvious it's my finger in there moving him around. I thought she'd love it cause monkeys seem to be her favorite animal, but not so much. Maybe she'll grow into it? Either way, it's a fun song to sing and a cute idea.

This little book is hilarious. It's a quick story that you could memorize in about 10 seconds but the little puppet is what makes this book special. Our 10 month old son goes crazy when you make the puppet move around! Also, another nice feature is that the "pages" are very thick and the binding is

strong. Our little guy has ripped other baby books apart and we eventually had to take them out of this toy bin.

I would give this 5 stars, but there was no outside packaging and the books arrived slightly damaged from shipping. They are also a little bit smaller than I thought they would be, but still very cute.

We have a bit of a Monkey theme for our little guys nursery and I loved the idea of this book and purchased it before he was born.. Now 10 months old he loves the monkey puppet and equally loves turning the pages. The book is sturdy and the added bonus of the hole means that little fingers can experiment and find it easier to use. We've been given another one in the series and he loves it just as much so I'd wholeheartedly recommend this series for little people.

The monkey is cute but there's no story, it's just the children's song "monkeys jumping on the bed" verbatim. Not very creative

Finger Puppet books are so fun! The kids love to grab at it.

My grandparent loves these little books
