78CO - All For Strings - Book 1 - Cello

Synopsis

All for strings is a comprehensive three-volume method surrounded by a wealth of supplementary materials for teaching and performance. This complete curriculum covers virtually every aspect of beginning through intermediate string study, emphasizing technical skills, rhythmic understanding, and quality musical experiences. Many of the National Standards for Music Education can be easily implemented into the classroom setting with the varied components All for Strings has to offer. Book 1 provides a well-rounded course of study for all beginning string students. It begins with "Starting by Rote" and "Starting by Note" approaches to music reading. Photos, diagrams, and logos intergrated throughout the book reinforce all new concepts introduced. Carefully selected and composed technical materials and musical selections provide excellent opportunities for learning and growth. Rhythm exercises and theory games are also provided, as well as duets, trios, and ensembles.

I bought this for my 10-year old son, who just started cello lessons. The exercises are clear and a good length, and the book clearly establishes foundations but moves quickly enough to keep the student interested.

I use this book for teaching beginners and it works just fine. The pictures, though very old fashion, give a clear image of proper position though the litteral description is a bit confusing taken by

itself. The exercises are at a proper level for beginners and they increase in difficulty at a proper pace. I just love how they always have a twist here and there forcing the students to keep the focus!

Great music book for learning cello for all ages.

I'm an absolute beginner cellist. My teacher suggested this book and we are working through it. It takes me little by little, learning and absorbing as I go. I see why she recommended it.

This is an excellent course for teaching stringed instruments. It is thorough and has enough material to play to reinforce the new concept being taught.

Great beginning violin book!

My training is progressing with ease as a result of this book. I am certain that, when the time comes, Book II will be on my music stand.

Love it! Would suggest this booklet to all new cellist! I love the easy reading booklet, which made it easier for me.
