i made this purchase because i am getting very tired of music and talk radio. these shows are extremely enjoyable with the clearest audio that you can ever possibly expect from radio shows that are more than 60 years old.

Interesting selections. I'd swear that Jimmy Stewart was deliberately overdoing in one spot, stuttering not once but six times before completing his sentence! Still, the stories, because they are radio-based, have to have stronger plots and characterizations. It was fun exercising my ears instead of my eyes for a change.

Great shows

This is a nice first of our newly started collection. My father and I listen to it together it brings back wonderful memories for him . I enjoy the stories too
