P. D. Eastman was one of the stars of the Beginner Books line with beloved classics like Are You My Mother?; Go, Dog. Go!; The Best Nest; and more!From the Non-traditional book edition.

Cute!

When I read this book to my twin infants, I actually laugh along with the rhymes and the illustrations. For example, the dog looks very confused when he has to fill up a hole he just dug, how his facial expression doesn't change when he turns a light is on and off, how he's trepidatious about climbing

a tree, etc. This book is a perfect way to spend quality time with your little ones. I put it right on par with Goodnight Moon as one of my favorite books to read my children. Highly highly highly recommended!

My son is 27 with a one year old son. I read this book to my son so much when he was little that he was starting finishing the sentences. Had to continue the tradition. I've already read it to my grandson. Fun book!!

If I had to say how much my niece liked this book, I'd say she loves reading it with me whenever I get the chance to visit. Despite a little mix up I (literally I) had with the shipping, the book actually arrived on time, in good condition, and beyond my expectations of a board book.

Our household loves P.D. Eastman books. My oldest child really liked "I'll teach my dog 100 words." She could read the entire book by the time she was 2 1/2. It's a great book. I thought it would be a good book for my younger toddler, but she is still learning how to treat books with "love." I came across this, knowing it was a shortened version of the original. Being that it is a board book, and contains much of the original content, I think it's great for toddlers!

"The first six words I'll teach my pup are dig a hole and fill it up" Somewhat unrealistic, otherwise I'd give it 5 stars.

This book is one of our favorite board books. It has a great rhyme and rhythm and is fun for both us and the kids.

Good book for kids.
