The Very Embarrassing Book Of Dad Jokes: Because Your Dad Thinks He's Hilarious

Synopsis

A collection of "side-splitting" jokes collected from dads around the world, all of whom think they are hilarious. Why did the banana go to the doctors? Because he wasn't peeling very well! Proving the age-old maxim that "it's in the way that you tell them," dads have always been renowned for being truly godawful joke tellers. Whether it's telling them at the wrong moment, misremembering the punchline, or it just simply being a terrible joke to begin with, dads are an embarrassment to the whole family when it comes to trying to be funny. This collection is full to the brim with jokes that only dad would dare tell jokes that will make you groan, sigh, and then probably groan again. Dads take great pleasure in these kinds of jokes and some of them are so terrible they blossom into actual ribticklers but don't tell your dad that, it will only encourage him.

"Not only provide[s] amusement, but might also be [a] conversation starter." Daily Loaf

Ian Allen is a father of three teenagers and a funny man indeed. He has worked on several joke books.

My brother-in-law and sister are expecting their first child, and as a joke, my brother-in-law said that he wanted a book of dad jokes. When he opened this christmas day, I thought he would cry. He

reads that book like it's the bible and reads it to my sister's belly, preparing their daughter for the dad jokes. I would recommend this to any new father, or anyone with a sense of humor in particular

Bought this for my brother for christmas as he's a new dad. My other brother and I thumped through it before hand. It's what you expect, really bad puns and jokes, but the kind of bad jokes that you can't help but laugh at. Would make for a good book to keep on the coffee table.

Some of the jokes were either old school or british... still a really great buy for a Dad with dad jokes!

My kids keep hiding this from me, which I take as a full endorsement.

This was an entertaining book, and maybe I should have looked at other reviews, but before I bought it I didn't realize the jokes sometimes were relevant for British humor instead of American humor. It isn't a problem for most jokes, but some refer to things that aren't relevant if you live in the States

Gift for Father's Day from his daughter he lived and and has used some of the suggestions in the book.

Dad thought the jokes were great. This is written for British people, so it has some sayings and stuff that aren't relevant to Americans, but still cute nonetheless!

great
