The Healing Power Of Trees: Spiritual Journeys Through The Celtic Tree Calendar

Synopsis

From the birch to the willow, Sharlyn Hidalgo invites you to walk in the footsteps of the druids and enrich your life with the sacred power of trees. This wise and inspiring book will introduce you to all fifteen revered trees of the Celtic Tree Calendar and their unique gifts of healing, guidance, and higher consciousness. Progress through the calendar in sequence or choose a particular month to cultivate a relationship with these majestic spirits of nature. Perform guided meditations and go on journeys to discover the totems, guides, and deities corresponding to each species. Travel through the Wheel of the Year and learn about each tree's astrology, ruling planets, rune symbol, and oghamâ •its letter of the Celtic tree alphabet. The Healing Power of Trees is your guide to living the principles of the Celtic traditionâ •tuning in to the rhythms of nature, respecting the land, and fulfilling your role as a steward of the earth. Includes information on all 25 ogham letters, Celtic holidays, and how to conduct a tree-honoring ceremonyÂ Â

Sharlyn Hidalgo (Seattle, WA) has been a practicing astrologer, dream interpreter, and tarot reader for over twenty years. She teaches classes on the Egyptian Mysteries and the Celtic Tree Calendar, practices Alchemical Healing, and has worked as a psychotherapist in agencies and private practice. >

This is a book to use as a guide, a reference and a planning tool for the year. I love that it sticks to the Celtic traditions but is useful in any. I have referred family members to this book and will use it

over the course of the next year +. I would say that I love it (5 Star) but at times the writer can be a bit airy fairy for my taste. This was referred to me by a (spiritual) teacher that uses it a lot and I can totally see why. Incredible info in this book. Can't say enough.....

I find this book quite interesting. I got it in time to do a group meditation just before Beltane. All participants enjoyed it. I just need to read a little slower and take more breaks in the meditation. I have always been drawn to the Celtic (wonder if being a Scotswoman has anything to do with it?) and learning more about their traditions. I always thought the Rowan Tree was my tree based on something I read at one time, but according to this book it is the Hawthorne. After reading about it, I find it fits me to a "T". Amazing how so many things tie together - Astrology, Numberolgy, Human Design... There is so much to learn about all of it and this book adds another dimension. I recommend it for the seeker.

This is an in-depth look at the Celtic Tree Calendar. Anyone interested in Celtic folklore and history will thoroughly enjoy this guide. The book is an informative look into the thirteen lunar divisions, their totems and their mythologies.

I was delighted to find this book on the healing power of trees. I was seriously ill one time and a tree in my back yard helped me get well. It was the only positive thing I could cling to during that time which was a period of several months. I do sincerely believe that trees have healing power as well as some shrubs and grasses.

im loving this book its totally amazing has great stories and info lots of explanations on trees would recommend this to anyone who wants to understand trees

received,thanks

Excellent book

great study
