Customer Reviews

Has taught law for over thirty-one years. He presently serves as a member of the American Law Institute and advisor on its Restatement of Restitution, Second. Recognized as an authority on remedies and torts, Professor Dobbs has dozens of books and articles to his credit. Professor Dobbs received his B.A. and LL.B. from the University of Arkansas, and his LL.M. and S.J.D. from the University of Illinois. He is now the Rosenstiel Professor of Law at the University of Arizona.

This Remedies Hornbook provides useful additional insight into both Contract Law and Tort Law

Remedies and is a definite advantage to use for analyzing Remedies multiple-choice questions in greater detail for specific concepts of law pertaining to the call of the question.

Great help!!

I should have gotten the complete set rather than the Hornbook. As it is so heavily edited, this book has very limited usefulness.

Remedies was my favorite class in law school, because it gives you a more practical idea of what the law is useful for. I found this Hornbook incredibly helpful for the class.

The book is O.K. but it's a little out dated. Laws have greatly changed since this latest edition. It waists pages by explaining useless and ancient history of law and torts. Provides a broad outine of torts with sometimes poor english and sentence structure. It's a necessary read but some tort case outcomes leave you out in no-where unless you look the case up and read it for yourself. Nothing exciting.
