Encyclopedia Of Western Lawmen & Outlaws

Synopsis

With over 1000 entries and 400 illustrations, this volume is the most fact-packed history of the West ever assembled. Crime historian extraordinaire Jay Robert Nash has left no stone unturned in his search for the gunmen, train robbers, gangs, desperadoes, range warriors, gamblers, and lawmen that roamed the frontier. Contrary to popular myth, the Wild West was not a glamorous land where chivalry and courage were the custom and a man died with his boots on. It was a land of incredible hardships—brutal weather, hunger and disease, and the constant threat of violent death. Everyone carried a six-shooter, neutrality was impossible, and violence unavoidable; lawmen and outlaws lived side by side, and often there was no telling one from the other. Into this land came pioneers lured by promises of great fortunes, ex-Confederate soldiers embittered by the outcome of the war, greedy cattle barons, and merchant princes. It was truly an explosive mixture. Included in this volume are all the great Western legends—Billy the Kid, Jesse and Frank James, Butch Cassidy, the Sundance Kid, Wyatt Earp, Doc Holliday, Judge Roy Bean, •Wild Bill• Hickock—and a host of lesser-known figures who, though they may have missed notoriety, were equally lethal. And while the West was very much a man's world, several women managed to shoot, steal, or gamble their way to fame—including Belle Starr, Pearl Hart, and Calamity Jane. A compelling read, *Encyclopedia of Western Lawmen & Outlaws* will be the standard reference for years to come. In addition to alphabetical listings, it offers a glossary of lawmen and a glossary of outlaws, a magnificent photo and illustration appendix, and an extensive bibliography of books on the American West.

Customer Reviews

The title pretty much says it all here. The 1989 volume covers the greater- and lesser-known white hats and black hats of the Wild West. Though the text is illustrated with photographs and drawings throughout, there is also a separate section of photos of the most famous people and places. Copyright 1995 Reed Business Information, Inc.

Jay Robert Nash is widely recognized as the world's foremost encyclopedist of crime, and has authored more than seventy single-volume and multi-volume reference works, including the Encyclopedia of World Crime.

If you or someone you know is interested in the Old West; this encyclopedia is a must-have. My husband hasn't put it down since I gave it to him three days ago. Lots of great photos and a reader-friendly format. I've never been especially interested in Western history or the genre, but I've enjoyed perusing this book as well. Can't beat the price either. Highly recommended.

I really like this book! Yeah ok, as a western history buff there are a few things I might disagree with but given the fact it contains info for just about everyone from those days and not just the more famous people, this is the book to have if you like the wild west!!

Book was a little on the rough side but I am really enjoying reading it. Thanks

I've read quite a lot about the "Wild West" and enjoy the history of this point in time. This book is a "must have" and covers it all!

great and right on time

Interesting book with details not found elsewhere

Very helpful. Please don't ask for a minimum number of words about the book. That's discouraging to me. This is not a good policy. etc., etc.

A must have for all western gunfighters collections
