The Trinity Game (The Daniel Byrne Trilogy Book 1)

Synopsis

2013 International Thriller Award Nominee Daniel Byrne is an investigator for the Vatican's secretive Office of the Devil's Advocate—the department that scrutinizes miracle claims. Over ten years and 721 cases, not one miracle he tested has proved true. But case #722 is different; Daniel's estranged uncle, a crooked TV evangelist, has started speaking in tongues—and accurately predicting the future. Daniel knows Reverend Tim Trinity is a con man. Could Trinity also be something more? The evangelist himself is baffled by his newfound power—and the violent reaction it provokes. After years of scams, he suddenly has the ability to predict everything from natural disasters to sports scores. Now the mob wants him dead for ruining their gambling business, and the Vatican wants him debunked as a false messiah. On the run from assassins, Trinity flees with Daniel's help through the back roads of the Bible Belt to New Orleans, where Trinity plans to deliver a final prophecy so shattering his enemies will do anything to keep him silent.

Customer Reviews

Great book - shows the power of established religions - the maliability of humans & the effect on flawed individuals - can you say Lee Harvey Oswald - like?

Moved along well, but I don't plan on reading the complete series.

Exciting, mind fun, and great story line.

I am still trying to get through it. Hard Going

I quite enjoy spiritually related books, so when I heard the main character was a Vatican appointed debunker of miracle claims I was intrigued to say the least. Overall the book was not too bad. Tim and Byrne are pretty interesting characters, but unfortunately the rest of the characters are very flat and one dimensional. Decent ending.

The story was quite good. It is about a so-called "Miracle" involving an TV Evangelist that predicts future events. The Catholic Church, and the owner of a Gambling Syndicate are both involved for different reasons. Don't want to say anymore to spoil the story. It was interesting, and held my attention.

Enjoyed reading this mystery and have bought the next book in the series. Anxious to see how the plot thickens.

I think the author had an excellent opportunity to crescendo the unique plot basis into a more conclusive, impacting ending. As written, the ending fails to provide sufficient answer to questions remaining with the reader, especially those in the 'how?' category. I thought the plot and character development were fair, if not a bit canned, and, with the basis of the truly fictional and original plot, potential for dynamic resolution was clearly felt through portions of the read. I think this work provides entertainment for the reader and a reasonable portion of thought provocation. Be, however, prepared to create your own alternative ending.
