This book contains a great selection of recipes for all times of the day that you can cook with an instant pot. I especially liked Fish and Seafood section. This book is very useful for me as an instant

pot user.

Some good recipes in her nothing earth shattering but as I am figuring out how to use my new Insta Pot it was very helpful in figuring out timing for different items and how to effectively use settings on the pot to create prime meals.

As advertised. Good vendor.

I like the beginning of this book in which you are told how an instant pot works and how to use it! You can even find nutritional values in this book for the recipes which is great for watching your health! This even includes natural yogurt recipes!

Hohoho. I knew this book was familiar! It was the one my bestfriend had and I was with her when I prepared that delicious midwestern BBQ chicken. It was amazing and we did it only with the instant pot! The following day we prepared loads of snacks in that same recipe book. There are some palatable niceties within. A cookbook I won't forget!
