Spanish 1 Workbook

I'm no expert on learning language, but this is a companion workbook for the textbook I have. I started using this book as part of a class I was taking and liked it, so I have pursued it after I stopped taking the class. However this did not come with the videos so I am without a verbal example. I would recommend having all of the materials to be fully successful.

My son is taking Spanish 1 and this workbook was recommended by his teacher.

VERY HELPFUL

Very good book for learning Spanish

grate product, works great, very satisfied, does the job, no complaint , will buy again, very easy to buy product
