Customer Reviews

Thailand is a country in South-east Asia famous for its tourism. I had been planning to visit Thailand and that is why I got this book to take some guidelines. This book provide me an idea in what to do during my stay in Thailand, like the unforgettable places to visit, food to eat, tips and idea about luxury and budget. Manuel's book is an asset to would be travelers to Thailand. It has basically everything you need for a wonderful visit.

I have been hearing and reading about the beautiful beaches in Thailand. Watching the videos about Thailand online made me want to scratch that travel itch even more and so I had to get a book that can provide the information I need. This book did not fail my expectations. There are many places featured here that are tourist friendly especially for first-time travelers. If you are looking for destinations and things to do in Thailand, this will greatly help. I hope the author adds maps as well.

This was the worst purchase I have made in a long time! Only 30 pages (if that) at most, and most are only half of a page, and LARGE print. Do NOT purchase... you will find so much more information just reading tripadvisor.com and the travel forums. This was a rip-off! Why did people give it good reviews!!!

This book tours me around Thailand and this book served as my handbook and an orientation about Thailand since I plan to go there this autumn season. The presentation about Thailand in this book is very organized and well explained. I can't wait myself to see Thailand!

This book looks like something self published. The type is large, the content is light, and it is a small book. Limited value in information it provides. I tried to return it but the cost of postage back to UK more than what the book cost!

Not much info

This book shows what can we expect when visiting Thailand. Very nice country. I hope to visit soon!

Great information!
