Customer Reviews

Excellent for newcomers to the world of ancient runes. This book teaches you how to read and interpret each rune. It can show you how to tell fortunes in the manner of tarot cards and gives you the historical background of runes.

This was a gift for my 31 year old son who wanted to learn how to use runes. He called me up and talked non stop about how great this book is. (Update: I just received one for myself. Super excited it is LARGE PRINT)

Badly needs reformatting for electronic reading
