## Customer Reviews

This book is a total rip off. All of the information it contains is easily available from free sources. It is very short with extremely limited information. I strongly recommend that you do not purchase it.

Don't waste your money - just a lame collection of preferred vendors.I regret buying this - and even more I regret buying the other one from this author which covers Nashville.A single google search will provide more useful information than this lame piece.Don't make the same mistake I did.

it's okay... not exactly what I expected...thought it would be more helpful.
