Customer Reviews

The book is an easy read and provides good theology as Max deals with many difficult issues that people have to deal with. I would like to have more emphasis on the subject when people has an illness that they will not recover from.

The prayer at the end is so powerful it brought me to tears and the way that the stories from the Bible are woven together is no less powerful

As usual, Max Lucado delivers exactly what you need, when you need it. Max puts life's problems and situations out there - acknowledging them - but reminds us "SO WHAT"?! No matter what we are going through, God is still on the throne...He is still in control. God can make rainbows out of rainstorms, leaders out of losers, and bring success from shame. All it takes is a little bit of faith, and a whole lot of prayer. Don't be conformed to the things your eyes see and what your brain interprets. But be ye transformed by the renewing of your minds. God's thoughts are not our thoughts, and His ways are not our ways. This book reminds us of these things as we are going through. Joy cometh in the morning.

Max Lucado has been one of my favorite christian inspirational writers, I like the way he incorporates daily life activities and real life scenarios with biblical truths and insights. This book highlights struggles of people considered as pillars of the bible such as King David, Job, Peter the apostle and Saint Paul just to name a few, they have victoriously overcome life's troubles and daily temptations of sin that have made them great men of God. This book gives you hope and strength to be a winner in life and to have joy, peace and love in your heart. It Contains 7 chapters that will inspire, guide and help you become what God intended you to be.....a winner in life.

Love Max Lucado but thought this book would be a little more in depth. I probably would not have purchased it if I had seen it before purchase.

I would recommended Max Lucado books to anyone that is looking for a Christian author. His books make me reflect on my own life.

Lucado always has a special way to hit the mark.. His writing is uplifting and his insight is a gift.. Seems like he can't write a bad book A+++

right words for the right times; it doesn't get much better than that; shoots straight for the heart and is on target;
