My First Book Of Korean Words: An ABC Rhyming Book

Synopsis

My First Book of Korean Words is a beautifully illustrated book that introduces young children to Korean language and culture through everyday words. The words profiled in this book are all commonly used in the Korean language and are both informative and fun for English-speaking children to learn. The goals of My First Book of Korean Words are multiple: to familiarize children with the sounds and structure of Korean speech, to introduce core elements of Korean culture, to illustrate the ways in which languages differ in their treatment of everyday sounds and to show how, through cultural importation, a single word can be shared between languages. Both teachers and parents will welcome the book's cultural and linguistic notes, and appreciate how the book is organized in a familiar ABC structure. Each word is presented in Hangeul, as well as in its Romanized form. With the help of this book, we hope more children (and adults) will soon be a part of the nearly 80 million people worldwide that speak Korean!

Book Information

Hardcover: 26 pages

Publisher: Tuttle Publishing; Hardcover with Jacket edition (September 10, 2012)

Language: English

ISBN-10: 0804842736

ISBN-13: 978-0804842730

Customer Reviews

"This book introduces the reader to the Korean alphabet and Korean words. Each page features colorful illustrations and Korean writing." [Audrey, age 7, City Book Review](#) "With just one book, your kids will be exposed to Korean culture and the Korean alphabet in a rhyming beautifully illustrated picture book." [PragmaticMom.com blog](#) "Explore gimchi or kimchi, Taekwondo, and won (currency of Korea) as you learn all about Korea." [Growing Book by Book](#)

blog"Perfect for early language introduction, this hardcover book used the English alphabet to introduce Korean words to youngsters. The hangul writing is included for each word so if you have been learning your Korean letters, you can practice reading the words!"

•TheseTemporaryTents.com blog"wonderful introduction for young children to the language as well as to the country. For example we learn that Koreans often eat vegetables and rice for breakfast, and that they believe there is a rabbit in the moon like we say there is a man in the moon. This book has beautiful illustrations and have the word in Korean letters with the pronunciation and then the English. The words go along with the English alphabet and the book mentions which letters are not in the Korean language." •Crafty Moms Share blog"My First Book of Korean Words: An ABC Rhyming Book is filled with colorful pictures illustrating Korean culture, linking the language with its society." •Worlds of Words, The University of Arizona

Kyubyong Park works at a Korean publishing company that creates practice books for Koreans learning English. Along with Henry J. Amen, IV, he is the author of Korean for Beginners. Henry J. Amen, IV, is a freelance editor and writer of language learning materials; he studied Korean while working for a publishing company in Seoul for two years. Along with Kyubyong Park, he is the author of Korean for Beginners. Aya Padron is a freelance artist who works in many media, among them painting and photography. She is the illustrator of Korean for Beginners.

This book comes in handy for learning what letters don't exist in the Korean language, and what letters no word ever starts with in that language.

Super cute and pretty accurate. I wish it came in a board book so my son wouldn't try to rip the pages out!

Sorry but Konglish is not Korean Really sweet and cute book but maybe I'm not the target market - I was looking for baby/children books to help teach Korean.

I think the words they picked are a little weak. Could be more modern and updated but it's ok. I'm hoping my son will be into it.

Very adorable! Great quality.

Like

the illustrations are very nice and it's a very cute way of adding some new korean vocabulary. You won't speak korean after reading this of course but I think children enjoy the way this book teaches new simple vocab.

I'm half korean and half Italian and secretly love this book for me. I bought it for my nephews but find myself reading it more. My mom said some of the words are different than what she knows but she still understands when we talk to her
