Norman Pearl creates yet another enticing introduction to an important American symbol with this work about the Pledge of Allegiance. Francis Bellamy, the author of the pledge, narrates the story of its conception. Bellamy, who worked for a magazine called --Norman Pearl creates yet another enticing introduction to an important American

Norman Pearl has written 10 children's books. He writes on both science and social studies topics and can't decide which he likes better. Norman lives in tropical Miami, Florida, with his wife and son. They have a small, white, fluffy dog named Max. Max thinks he is human, so the four of them go just about everywhere together. Norman usually writes his books under a palm tree while sipping lemonade. When he needs a break, he jumps in the pool for a swim. Usually, the rest of the family follows him in.

This book, and the other books in the same series, are wonderful for children. Excellent illustrations and lots of the most important introductory level information on each topic is presented in a fun way.

Very nice way to explain this concept to Kindergartners
