How To Talk To Anyone: 92 Little Tricks For Big Success In Relationships

Synopsis

Become a master communicator and succeed in life, love, and business What is that magic quality that makes some people instantly loved and respected? Everyone wants to be their friend (or, if single, their lover!) In business, they rise swiftly to the top of the corporate ladder. What is their "Midas touch?" What it boils down to is a more skillful way of dealing with people. The author has spent her career teaching people how to communicate for success. In her book *How to Talk to Anyone*, Lowndes offers 92 easy and effective sure-fire success techniques - she takes the listener from first meeting all the way up to sophisticated techniques used by the big winners in life. In this information-packed audiobook you'll find: 9 ways to make a dynamite first impression 14 ways to master small talk, "big talk," and body language 14 ways to walk and talk like a VIP or celebrity 6 ways to sound like an insider in any crowd 7 ways to establish deep subliminal rapport with anyone 9 ways to feed someone's ego (and know when NOT to!) 11 ways to make your phone a powerful communications tool 15 ways to work a party like a politician works a room 7 ways to talk with tigers and not get eaten alive In her trademark entertaining and straight-shooting style, Leil gives the techniques catchy names so you'll remember them when you really need them, including: "Rubberneck the Room," "Be a Copyclass," "Come Hither Hands," "Bare Their Hot Button," "The Great Scorecard in the Sky," and "Play the Tombstone Game," for big success in your social life, romance, and business. *How to Talk to Anyone*, which is an update of her popular book, *Talking the Winner's Way* is based on solid research about techniques that work!

ASIN: B013GXDRKC

Best Sellers Rank: #1 in Books > Business & Money > Marketing & Sales > Advertising #2 in Books > Business & Money > Skills > Communications #6 in Books > Medical Books > Psychology > Social Psychology & Interactions

Customer Reviews

It's a concise book that is a great reminder of things you may have been taught long ago, or perhaps were doing unconsciously- if you're lucky. Some tips I definitely feel like most people do not know, including answering questions with information that leads to a dead end. If you're socially awkward, you definitely want to read this, it breaks down what to do (AND not do, which I appreciated) very specifically. I'm outgoing and feel comfortable navigating a party of strangers, but this has explained how to skip some awkward conversations that I definitely have had and do not want to have again!

I've purchased a few copies of this for friends who need a little help (im that guy). I read this a long time ago and it was great to peruse through again before passing on.....great side book with the Dale Carnegie classic

Some of the tips are good, but many of them seemed to be either common sense things that most socially aware people already do or they were too goofy and impractical.

Chock full of valuable information on literally how to talk to anyone - even the office grouch!

I am amazed at how much I've learned in this book. I have begun implementing my newfound knowledge and will begin to make a habit of these skills to further myself in life. I will be buying more books from this author simply because the tone of which it is written is like she is speaking directly towards me. My only peeve is the long story telling, but I believe I benefited more from hearing the examples laid out in a story form

Unlike most books with very general advice (which in no means is bad) like smile, listen and not just hear etc. this book offers more in-depth and specific tips to be a better conversationalist. Personal anecdotes from the author makes it even more interesting. Every chapter has a one-line summary in the end which is good to get quick reminders about the tricks mentioned in the book.

My parents made me get this book because I am so shy and the tips in here have really helped. But to be honest it is more of a business type instead of shy type book. It can help with other aspects in life though too, but I felt that it just wasn't 100% made for me. It is still a good reading choice though!

I would highly recommend this book for anyone that wants to upgrade their social persona (and who

doesn't?). Each suggestion has a nice short story behind it which makes the suggestion more memorable. My education is in engineering but I have been in sales for 20 years and I found each suggestion an excellent reminder or new information that was immediately helpful to me. I read each section and would practice it that day so it took me a little while to go through the book, but I am a better person for it.
