Herb Ritts: L.A. Style

Synopsis

Herb Ritts: L.A. Style traces the life and career of the iconic photographer through a compelling selection of renowned, as well as previously unpublished, photographs and two insightful essays. Herb Ritts (1952–2002) was a Los Angeles-based photographer who established an international reputation for distinctive images of fashion models, nudes, and celebrity portraits. During the 1980s and 1990s, Ritts was sought out by leading fashion designers such as Armani, Gianfranco Ferré, Donna Karan, Calvin Klein, Valentino, and Versace, as well as magazine editors from GQ, Interview, Rolling Stone, and Vanity Fair, among others, to lend glamour to their products and layouts. Largely self-taught, Ritts developed his own style, one that often made use of the California light and landscape and helped to separate his work from his New York-based peers. From the late 1970s until his untimely death from AIDS in 2002, Ritts's ability to create photographs that successfully bridged the gap between art and commerce was not only a testament to the power of his imagination and technical skill, but also marked the synergistic union between art, popular culture, and business that followed in the wake of the Pop Art movement of the 1960s and 1970s. An exhibition of the same name will be on view at the Getty Center from April 3 through August 12, 2012; at the Cincinnati Art Museum from October 6 through December 30, 2012; and at the John and Mable Ringling Museum of Art in Sarasota, Florida, from February 23 through May 19, 2013.

Customer Reviews

“Ritts was L.A. style.” “Vogue” “A veritable feast for the eyes.” “Publishers

Weekly" Cindy, Naomi, Christy. All the supermodels are front and center in this stunning roll call that is Herb Ritts: L.A. Style."â "Harperâ™s Bazaar"[Herb Ritts: L.A. Style] chronicles the career of the late photographer and captures Rittsâ™s ability to bring the distinct feel of his native California to life. Itâ™s his own unique version of California, a dry black and white background upon which to capture new compositions of the human body."â "The Fader"Ritts was a master at meshing the worlds of commercial and fine art, and was noted for his modern nudes and close-up portraits of bodies in motion."â "Los Angeles Confidential"No one captured L.A. fashion quite like iconic lensman Herb Ritts, whose chic photos fill the pages of this ultra-chic book."â "Who What Wear"âœHerb Rittsâ™s use of light, form and composition to communicate strength and poise evince his true genius.â •â "Resource"âœ[This book] should appeal to a wide audience, from arts and photography holdings to those interested in fashion history and California artists. Itâ™s a dynamic gathering of all of Herb Rittsâ™s images and is not to be missed.â •â "The Midwest Book Review

Paul Martineau is associate curator in the Department of Photographs at the J. Paul Getty Museum. He is the author of Paul Outerbridge: Command Performance (Getty Publications, 2009) and Still Life in Photography (Getty Publications, 2010). James Crump is chief curator and curator of photography at the Cincinnati Art Museum. In 2007, Crump wrote, produced, and directed the documentary film Black White + Gray, featuring the influential curator and collector Sam Wagstaff and artist Robert Mapplethorpe.

Beautiful book. What a photographer. What a loss.

If you appreciate art and photography, you will love this book. I was fortunate enough to see the actual exhibit at the Getty and bought the book for my sister as a birthday gift. It is an amazing collection of Herb Ritts' work.

Art that never fails. Great addition to my collection of books

I've always wanted to have Ritts photo book with most complete works...So, this is it! All the images from the past and today culture and fashion industry are here!It's really huge and quality is immaculate!

Very Impressive indeed photography. It's a shame HR is not around any longer.

Love the numerous pictures of this acclaimed photographer. Great print quality too. This book makes a wonderful gift to friends or family. Missed the show at the Getty, but at least I have the book. :-)

It's a trip through how to photography can be refinely strong and poetic. I've seen other Herb Ritts books, but this medium size and excellent printed book is the best compilation. Strongly recommended in any photographer's bookshelf.

great book, excellent print quality, well supported by essays, strongly recommended for all photography lovers and actual phtographers. This portfolio fits well into the series from Weston, (to a certain part Jousuph Karsh) to Annie Leibowith and Helmut Newton.
