# Bath Time!

## Synopsis

Hey! Hey! What do you say! It's time to take a bath today. From the irrepressible Sandra Boynton comes an irresistible storybook for bath time. Bath Time! is waterproof, nontoxic, completely baby-safe and it floats! It's a classic tale of pig meets paint. Spattered with colors from a long day at the easel, the pig takes to the tub, washcloth in hoof, determined to get all pink and clean. Gently scrub from top to toes. Now I kiss you on the nose. All clean! (Squeak squeak!) On the last page, the snout has a bound-in squeaker. Get it? Squeaky clean?

My 12-month-old daughter loves this book and it has quickly become a great way to wrap up bathtime. It is short and sweet, but she looks forward to the squeak at the end each time. We love Sandra Boynton books and this one is no exception. At first, I wished it was a little longer since it's

only about 4 pages long; however, now I really appreciate how concise it is because we don't need a long story during bath time and it helps us wrap up playtime in the bath. Bonus: it is a wonderful distraction when my daughter is losing her marbles for any number of toddler reasons.

Good book, well made, great author but not as good as her other book "Barnyard Bath"

My daughter was afraid of the bath but loves books. I saw this and thought it would help her want to get back in. Well, it worked and she loves it. Good quality.

ordered this as a gift. It has been well received and well loved. I especially like that it had more than 3 pages to it and even has a squeaker.

Admittedly, my daughter chews it more than reads it, but it has stopped her from crying at bath time! And she always looks at me with surprise when i squeeze the last page and it squeaks - then tries to figure out how I did it! Definitely a great bath time addition! My daughter is now 8 months but got this for her at about 6.5 months.

You can NEVER go wrong with any of Sandra Boynton books! I think I now own almost the entire collection. This is one of my twin granddaughters favorite. She LOVES the beginning where the little pig gets paint all over him and it gives an opportunity to teach the different colors because 4 different paints are used! HIGHLY recommend any of Sandra Boynton's books! She keeps the text short, uses rhymes, and keeps the child's attention by her adorable illustrated books!!!!

We received this book as a gift nearly seven years ago. We have since given it as a gift numerous times because our daughters love it. It has lasted through many, many baths, and my 3-year old won't take a bath without "reading" it to her Barbies.

We use this book as a part of our bath routine for our 9 month old. After he's done in the bath, but right before we take him out, we read this book and he LOVES it! Especially the squeaker at the end. It's just a few seconds, but it's become a really cherished part of our routine.
