Great sense of story telling the author keep you interested throughout the book, they are many aspects of the book that people may relate to real events which makes it even more interesting. If you are looking for a solid entertainer with whole lot of fancy characters you must definitely follow this series.

Some books are meant to be great and this one is a part of them. With amazing characters and a great story which keeps the reader entertained for the whole time this book is a must read especially for kids who can relate to the stories more than anyone else.

With an exciting sense of tension in this release, all the events were put to real life happenings, which kept one engaged as they cling onto the story. Nice work!

The first version "Diary of a Wimpy Kid" took me on roller coast ride like never before and this version surprised me even more.. Sans the skeleton is back with a new story and with a twist.. My advice, read the book if you admire wimpy series... I bet its gonna surprise you a lot....

Jim Kinney is one of my favorite writers for kids. In this fabulous book, he writes about the adventures of Sans the skeleton who makes a few human friends. If you have a kid, be sure to pick this up as it is sure to keep him or her entertained for hours at a stretch.

The part one was good but part 2 is excellent. Love the story and the characters. I would rate the book 10 out of 10.

I'm a huge fan of the "Diary of a Wimpy Kid" series and I must say this book doesn't disappoint. There's a lot in this book to keep you entertained and interested until the very last page. Looking forward to the next one!

Great plots and well developed characters without labored reading enjoyable and easy read but not just quickie stories enjoyed all. The twists were well worth waiting for, written in such a way that you actually imagine yourself there. If you are into short stories with a bit of a punch, you will like this book.
