I got this book to do in a bible study with my family. It is a good book that covers the basics of growing spiritually. Now if we could just arrange everyone's schedules maybe we can actually find time to do the bible study.

I've ordered these several times, It's a great bible study for large or small groups, provides a solid foundation for new Christians, as well as a reminder for all who Christ is. Great study material.

This is an amazingly simple book that people who make a decision to follow God should begin with. The critical things you need to know along with the things that you feel now about what God is doing. Facts, of scripture made simple for new beginnings.

I used this tool many years ago and found it to be exceptionally helpful. This is a great tool for those who are new believers and it's good for those who have been believers for a long time. It will take you on an amazing journey through the Word of God. I actually ordered it for some new Christians who I thought would benefit from it and they love it!!!! I highly recommend this book.

Over the decades I have used the book over and over. Great little guide to get people started in the Bible. Just keep in mind the goal is to teach people to feed themselves. This little book is a great first step in this process.

If you are looking for a good entry level discipleship tool either for individual follow-up or in a small group setting, this is one of the best. We are using it in our church for a mixed group and it certainly works well. One caveat -- the reason I did not give it 5 stars -- watch the context of the verses used -- Navpress is usually very careful in not using a verse out of context -- in this case we were able to use it as a teaching tool (only one verse in lessons of assurance under assurance of God's will) Psalm 32:8 in context is David telling the listeners that he would guide them as a result of what he had learned from his sin. It is not a direct promise of God's guidance. Now, that may seem small, but if we are using that for discipleship, it is crucial that we are totally accurate in handling God's word (2 Timothy 2:15). In spite of that one instance, this is an excellent tool.

This is an excellent Bible study for a person who has recently become a Christian or who hasn't

done much Bible study and would like a structured approach to some important principles for living the Christian life. It focuses on what our relationship with God can be like and how we can know him personally as a loving Father. The studies are brief and to the point, and the verses chosen are very relevant. Excellent resource.

Love the way your are searching through Scripture to find information as opposed to it simply be written out for you to digest. It is constantly driven by Scripture and encourages the memorization, meditation and application of it.
