School Freezes Over!: A Branches Book (Eerie Elementary #5)

Synopsis

Pick a book. Grow a Reader! This series is part of Scholastic's early chapter book line, Branches, aimed at newly independent readers. With easy-to-read text, high-interest content, fast-paced plots, and illustrations on every page, these books will boost reading confidence and stamina. Branches books help readers grow! Eerie Elementary is at it again! In book #5, a terrible snow storm hits the school, and the students are trapped. Soon, the hungry school begins to freeze from the inside out! Icicles drip from the ceiling and snow piles fill the hallways! Then Antonio turns into an ice statue -- making him a yummy popsicle for the school to dine on! Can Sam and Lucy turn up the heat in time to save the students?

Grade Level: 1 - 3

Customer Reviews

Praise for Eerie Elementary #1: "The plot and twisted storyline will serve the beginning chapter book reader well. Word choice, action, and crisp sketches support the story, allowing early readers to develop ideas and easily follow the plot." -- Library Media Connection "Give this early chapter book to readers who want something scary but aren't ready for the 'Goosebumps' or 'Scream Street' series." -- School Library Journal "Dynamic, cartoonish illustrations amp up the action.... Readers

who relish the action of Dav Pilkey's Ricky Ricotta series and R.L. Stine's Rotten School titles may want to enroll at Eerie Elementary." -- Booklist "Chabert hits just the right horror note for transitional readers, with thrills that include a dash of absurd humor and fall tactfully short of being truly frightening....this [is] a worthy and creepy addition to the Branches series." -- Bulletin of the Center for Children's Books Praise for Eerie Elementary #2: "A good fit for readers not quite ready for Lovecraft Middle School or Goosebumps." -- Booklist

A snowstorm hits Eerie Elementary, and everyone gets trapped inside. Icicles drip from the ceiling. Snow piles fill the hallways. Soon Sam uncovers that this big freeze is part of mad scientist Orson Eerie's terrifying plan! Can he and his friends turn up -- This text refers to the Library Binding edition.

My son is an avid reader and his three favorite series are Eerie Elementary, Captain Underpants, and My Big Fat Zombie Goldfish. He has read every book in Eerie Elementary that has come out so far and already asked me to preorder the next one. They are made for approximately 3rd grade reading level. He is in 1st grade but is advanced in reading from most of his fellow classmates.

My son (6 years old) is very into scary things (movies, video games, etc) and these books provide the right amount of mystery to keep him interested without giving him bad dreams. The series follows 4 kids through their elementary school which was built by the Eerie family. One of the Eerie family members, though, "haunts" the school by making it come to life. The kids, led by the hall monitor, are left to battle the elements of the school, which they do through researching the town and its history, the Eerie family, and the school itself. Each book brings a new surprise (a kid-eating locker, a frozen school, etc.) that pushes the kids to look for new clues. My son loves guessing what the clues mean and what will happen next, positing what he would do in each situation. We get the new book in the series whenever it comes out, and we have yet to be disappointed.

My 8 year old daughter loves these books. Most of the times she views reading as a chore, so finding a series of books that she finds fun and wants to read without being forced is amazing!

Another good read for our 9 year old. The story follows the same three kids and they always do a clever job of saving the school. The books are filled with pictures, which makes them fun to read for beginner chapter book readers.

This is a great book series, my daughter can't put them down once she starts reading them! We have the rest of the series and she likes going back through them and re-reading them. Also, for school she can get AR points for taking the test on what she remembered from the books. Well worth the money!

THESE ARE AMAZING. ALL OF THEM. My daughter hates reading. She is 9. I got her these and she has already read 3 of them in 2 weeks. She has to test on books she reads for points and got 10 out of 10 on all test. This is a must have if you are struggling with your child wanting to read. My daughter has mutated. She hurries to get ready in the morning just to read these.

My 2nd grader is hooked to the Eerie Elementary School series. We had to pre-order this book because she couldn't wait for it to come out. Well, it didn't disappoint. We can't wait for the next one to come out.

Love these series books. Easy read for my 3rd grader
