Brother-and-sister team MATTHEW HOLM and JENNIFER L. HOLM are both avid skiers, though Jennifer did learn to snowboard while writing this book (she still can't sit down). They're pretty sure that with a little more practice, they could both totally be epic. Today, Jennifer is the New York Times bestselling author of several highly acclaimed novels, including three Newbery Honor-winners, *Our Only May Amelia*, *Penny from Heaven*, and *Turtle in Paradise*. Matthew Holm is a graphic designer and freelance writer. They are also the creators of the Squish series.

Bravo Jennifer Holm. I buy these for my classroom library out of my own pocket because they are such a hit and always checked out of our school library. Thank you for writing a graphic adventure series that appeals to girls. They are perfect for my reluctant readers and children with dyslexia or other reading challenges. They are also good books for children who get eye fatigue from reading because the pictures give the eyes a break. The Babymouse series are reading ranges between 2.0-2.8 but a great series for any parent who wants to encourage their children to read. These are fun and funny. Pleeeeeeease keep these books coming. Babymouse Girl Power!

my boys 7,9 and 12, are not strong readers they would rather play than read as i'm sure most kids are LOL... but the Baby mouse series when the book came in the mail it was a fight for the book and they sat on the couch and read it till the end! Baby mouse goes on some quite crazy adventures and she took my boys with her. I recommend this book as well it got my boys reading!

I rated it like that because I LOVED

Great books, my granddaughter love the book series.

These books are adorable! I love how they encourage a love of reading! So cute! If you have a child (probably a girl) who is young, she will love these!

It was a good book! I liked it. It was a good book for like ages 7-11. It was a good comic book.

I have bought every book in this series from 1-17, I look forward to buying 18 when it's released. My daughter loves these books.

Love this one
