The Law Of American Health Care (Aspen Casebook)

Synopsis

The Law of American Health Care is a casebook for the new generation of health lawyers. It is a student-friendly casebook emphasizing lightly edited by carefully selected primary source excerpts, plain-language expository text, as well as focused questions for comprehension and problems for application of the concepts taught. The authors have eliminated the traditional, copious case notes following the primary sources in exchange for longer excerpts and clearer explanations. In order to create a streamlined casebook, the authors have chosen topics selectively, drawing guidance from American Health Lawyers Association curriculum recommendations, and engaged the topics in depth so students emerge with an understanding of the most important features of American health care law, prepared to practice.Â Â

Book Information

Series: Aspen Casebook
