Books

Great for what I need it for

good text book . well written.

Information is outdated.

quik and easy

I purchased this book as "new", when it arrived it was clear that it was not even close to being new. The front and back covers is bent and the clear top coat is starting to peel away from the paper underneath. I paid the higher price because I wanted a NEW book! I will never order another book from again, total waste of my money.
