Tail Of The Dragon Collector's Edition (Complete Series, Books 1 - 10)

Synopsis

This is complete series, 10 books, over 400,000 words of high action fantasy, filled with deadly dragon's, relentless evil doers, daring heroes, uncanny magic, wild characters and more! A page turner for readers of all ages! Apocalypse is coming to a world of monsters and men! A restless liege, Nath Dragon is bored with his reign and hungry for adventure. So when the fairy empress, Lotuus, entices him to undertake a great mission--a quest to uncover the secrets of his birth by locating the mother he's never known--Nath leaps at the opportunity. But the evil sprite's motives are far from noble. And while the Dragon King's attention is elsewhere, a new threat is rising that could tear the world of Nalzambor to pieces. A monstrous new breed of dragon has emerged from the darkness, their numbers growing so rapidly they will soon be unstoppable. More insect than dragon, these æwurmurs have no love for their winged cousins. And in concert with the gargantuan Titans, dragonkind's ancient enemy, they could violently transform the world forever. Suddenly Nath, his magic sword Fang, his lifelong friend Brenwar, and a small band of allies are the last hope for preventing the catastrophe that could annihilate entire races and leave Nalzambor in ruins. But first, the Dragon King will have to make the ultimate sacrifice and shed his scales to do battle in human form. More! Dragons reign supreme in the world of Nalzambor, a breathtaking fantasy realm of giants, dwarves, elves, ogres, orcs, monsters and men. Bestselling author Craig Halloran brings this magnificent world vividly alive once more in his latest sword-and-sorcery adventure, proving himself again to be one of fantasy fiction's current masters. His hero, Nath Dragon, is now king, seeking the answers to his mysterious heritage as a horrifying new threat looms on the horizon. The rise of the wurmers--powerful insect-like dragons--have inflamed old hatreds among the many races. And now all dragonkind faces total annihilation, unless the Dragon King and his small band of followers can prevail. But do so, Nath must fight not as a mighty magical beast, but as a man. Move over Anne McCaffrey, Terry Goodkind, and George R.R. Martin, because Halloran is here!

Customer Reviews

This author's smooth writing style and storytelling is AWESOME. Nath Dragon has to prove himself over and over. Each time a new enemy or problem arises, Nath must work his way through which in the long run, makes him stronger. His main problem is impatience and he works on it daily to learn patience. I strongly recommend this story and any books written by author Halloran.

The Tail of the Dragon is the second series in the books about Nath Dragon, firstly, if you are interested in these you should look into the rest of the Nath series entitled "The Chronicles of the Dragon". The story of Nath is one of adventure that chronicles the plight of good versus evil facing monsters, wizards, and ourselves along the way. Following the time honored traditions of the classic tale of Edmund Spenser's Fairy Tale, "The Tail of the Dragon" is a story that teaches us how to act as the better us. Swathed in metaphor of honor and glory, Nath teaches us exactly what it is to be the better man, or person if you'd rather. Nath makes no excuses, and does what is clear in his conscious, and we can all learn something from him and his companions. This book for me is a call out to my old TSR role playing games and holds a genuine nostalgia for me that many other things are unable to. Not only can I enjoy these books, but I can appreciate reading these stories to my children so that they can earn a fervor for fantasy much like the one that I retain after all these years. These books are quick to read, full of humor, and adventure. Though they may not be the most intriguing thing I have ever read, they are persuasively indulging. They have taught my children how to be better people, just by the actions of a strong and charismatic hero.

This was a great series. I enjoyed it very much.

As of today, this is not "Tail of the Dragon" Books 1-10' but only books 1-5. It is listed as a complete series. Be careful. needs to correct this.

This Dragon series is very good. I've read through this collection twice. I would recommend to anyone who likes adventure and fantasy. Excellent writing and holds your attention.

Another brilliant series from Craig Halloran...I love his characters not just in this series but his others as well. The storyline is tight and develops well with a few good twists thrown in. I've read all of the Smoke and Darkslayer books currently out as well and they all carry the same great style and really pull you into the stories. Buy this collection.....you won't regret it. ã Â Â^Â•

Amazing collection! Ive read all current Nath books and it's definately worth it!! Great jib, keep up the good work!

HAND'S DOWN PURE AWESOMENESS!! I don't know where to start or to end. All I can say is that Craig Halloran went above and beyond in entertaining with action, adventure, love, friendship, and FLAT OUT FUN! Both Collections are truly awesome. It plainly tells the story of a "obnoxious, prided, idiotic, boastful" barely teenage dragon who only thinks of himself. Overtime, through trials, terrors, friendship, losses, hopes, humbleness and love, he now has become a man. Well done Craig. Well done!!!!!!
