**READERS REVIEW**

Simple And Straightforward "There’s no substitute for experience, as they say, and Harold has both quality and quantity. As in all sport executed at the top level it looks so, so simple and straightforward. Those that have tried, at every level, know otherwise. Everyone can benefit from a

cursory glance, lesson or full blown training regimen. I can think of no-one with a greater depth of knowledge or skill in identifying those key details that will improve your game than Harold Mollin!" - James Y. Definitely Crazy In A Good Way" As a psychologist, I know there are crazy people in a good way and crazy people in a bad way. From my life experience, I also know there are good pains in the ass and bad pains. Harold Mollin is definitely crazy in the good way - never met someone so crazy about tennis. [...] Most importantly, from an educational viewpoint, Harold sincerely enjoys the progress all his students are making in their tennis. Life, not only tennis, is all about beating/winning from yourself. Harold is certainly making a significant contribution to my ambition of becoming a worldwide top 100 player in the ITF Seniors (50+) circuit!" - Vittorio B. Psychologist, PhD

Nice and simple tips, they are easy to apply. I think you will visit these tips over and over as you improve your tennis! recommend reading 10 tips at a time and decide to apply them to your game .....because it is always easier said than done

An amazing tennis book to read on and off the court, I really like the tips from his talented tennis player and coach. Everyone can use 101 tips to improve your tennis level in your hand!!! A must to have in your tennis library.

Common tennis sense that tennis players need to be reminded of as we play the game. Some unique suggestions well supported by practical applications of the game and practices we need to concentrate on as we play tennis.

Well done

Harold, thank you very much for your tips! They are very helpful, easy to remember and keep in mind during the game. It really helps to bring tennis to completely different level. Harold, you are the best tennis coach I have ever seen. You teach with your heart and find right words to encourage your students.

If you want a direct, no-nonsense approach to make more shots, more often (and who doesn't) read, digest and put into practice with your mates EVERY time you're on court. Until you read it, you may not realise you're not doing what's needed. Great read that you can go back to again and again.

Tip 102 would be to get yourself a copy of this book to improve your knowledge of the game, and get on the court to put the tips to practice. Harold has a great passion for the game, coaching and is a tough taskmaster like his mentor Henry 'Harry' Hopman.

Easy to read and common sense tips for the keen tennis player to take his or her game to the next level. Harold is passionate at what he does (and plays a pretty handy game himself).
