A Smart Girl's Guide: Drama, Rumors & Secrets (Smart Girl's Guides)

Synopsis

Watch out for the drama trap! This book offers expert insight into drama, from jealousy to gossip to cyberbullying, and how to deal with it. You'll learn why drama exists, how it starts, what keeps it going, and how to cool it down. You'll find quotes and advice from real girls like you, plus tips and quizzes to help you rise above the drama game and keep yourself safe.

Customer Reviews

From a 12 year old "it's about what causes drama and not how to avoid it, I would have like to read about coping skills and I would have liked to read about real people that have been in these situations."

I was unable to load the Kindle version onto my Kindle. After synching the title did appear in my list, and when I touched it, I got "Unavailable for Download...The item is not compatible with this device." It's a normal Kindle with no problems of this sort before.

My daughter was engrossed in this book. I think it is very helpful.

I love the book and I'm pleased to have a source solely on drama so I will recommend it to anyone.

Great reading for girls that know it all but then it shows girls different strategies,

Bought this for a ten-year-old who doesn't yet have to deal with this (but it's probably on it's way)...she loved it, read it cover to cover and shared it with her friends. I'm not an American Girl fan: I think their products are over-priced and elitist, but their books offer an astoundingly grounded viewpoint that reinforces the "it's okay to be you, even if everyone is different" mantra that I can only respect and support. The book is not too thick, has pictures, and bright colours. There is a lot of empathy encouraged. I bought this in conjunction with the American Girl's "Smart Girl's Guide to Friendship Troubles".

Love it so far! My 10 year old daughter's teacher saw me with it in hand in her class and asked what it was. She flipped through it and said, "Oh, man, I could have really used this years ago!". So she's borrowing it right now : -)

Great book for my 9 year old daughter
