Nightmares Unhinged: Twenty Tales Of Terror

Synopsis

Nightmares come in many forms. Some rend the veil of sleep with heart-stopping madness. Others defy sanity to leave a helpless corner of your mind twitching for release. Sometimes, hours after waking, a nightmare drifts across your memory, tainting your day with wisps of discomfort.

NIGHTMARES UNHINGED reveals horror in all its mutable forms—â€•subject to absurd—â€•through twenty tales of terror in this horror anthology. Contributors include Mario Acevedo, Edward Bryant, Dustin Carpenter, Sean Eads, Keith Ferrell, Warren Hammond, Jason Heller, Gary Jonas, Stephen Graham Jones, J.V. Kyle, Aaron Michael Ritchey, Jeanne C. Stein, Steve Rasnic Tem and Dean Wyant. Foreword by Steve Alten. Edited by Joshua Viola. Illustrations by Aaron Lovett. A portion of the book's proceeds will be donated to Rocky Mountain Cancer Assistance in honor of Melanie Tem. Customer Reviews

I thought some of the stories were pretty general run of the mill horror but a few of them were really good and gave me the creeps days after I read them. Definitely a must have for any horror fan.

Easily the best collection I've read all year. These stories may be classed as horror, but it's a subtle horror: wafting into your nostrils, worming beneath your skin, leaving you with afterimages that cling with demented determination. Twisted family ties, latent gifts blossoming late, imprudent wishes--all wonderfully crafted and disturbingly possible.

The stories were good, but many of them left me wishing there was more to come. Maybe some of these stories will continue on in other Books, or I can just use my own imagination. Books like this I found are a good way to find writers that enjoy to read. Hope to see more Tales of Terror in the future.

A frightening and macabre collection of tales that will twist your mind and crawl out of your darkest phobias. From classic settings of country roads and sun-crisped scarecrows, to futuristic horrors of human experimentation, these stories will have you clinging to the edge of your seat, holding your breath, and turning pages! If you enjoy the macabre and unearthly, this is definitely one you should have in your collection. The stories are not too long, not too short. You can read a few before you go to bed, (good luck sleeping!) or you can curl up for a few hours and read several at a time. Flip to any page, and there's a story waiting to unnerve and rattle your bones.

I was not impressed. I love a good scare....true horror...but this was boring and bland. I only made it through the first four stories by pushing myself. I kept hoping the next one would be better. I finally gave up and stopped wasting my time. I gave it two stars simply because I didn't finish the book and perhaps, maybe, there was a good one I never got to.

I good book to have to help you sit thru the waiting at a appointment. Most stories can be read in about 5 minutes. One reviewer gave a short review on each story, and then the honesty he gave on the book and each story decided my buy. I agree that a few stories to me too just didn't work. But early on the ones that siezed my attention, had me reading each one looking for the quirk and twist I love in a short story.

A good-enough collection of short stories from Colorado writers, I dropped in on this book from time to time when I had a few minutes to spare. None of the stories stuck with me for very long. I'd like to think that most of them are flawed first efforts. I hope the authors continue to work on their craft, as I see potential in many of them. Two stars.

Good stories but not nightmarish. A couple of really good stories. Would recommend for mildly disturbing stories. Not terror reads!!
