Frankenstein: A Kaplan SAT Score-Raising Classic

Synopsis

Makes scoring higher so easy, it's scary! Millions of readers have enjoyed the chilling tale of Frankenstein for its dark and gripping plot. But did you know that it's also packed with words you need to know for the SAT? Learning words by reading them in context is the most effective way to expand your vocabulary, and this book can help you do just that! This edition of Frankenstein includes:

- 629 SAT vocabulary words highlighted throughout the text
- Definitions for each highlighted word on the facing page
- A word pronunciation guide
- Plus a special glossary that defines over 100 additional challenging vocabulary words
- It's a pain-free way to build your vocabulary -- and to score higher on the test!

World Leader in Test Prep and Admissions Kaplan has been the world leader in test preparation for more than 60 years, helping more than 3 million students achieve their educational and career goals. With 185 centers and more than 1,200 classroom locations throughout the U.S. and abroad, Kaplan provides a full range of services, including test prep courses, admissions consulting, programs for international students, professional licensing preparation, and more. --This text refers to an out of print or unavailable edition of this title.

Customer Reviews

Mary Shelley was born in 1797, the only daughter of writers William Godwin and Mary Wollstonecraft Godwin. In 1814 she eloped with poet Percy Bysshe Shelley, whom she married in

1816. She is best remembered as the author of Frankenstein, but she wrote several other works, including Valperga and The Last Man. --This text refers to an out of print or unavailable edition of this title.

This was the recommended version by my child's teacher--gifted program over the school's books given the explanation of the SAT book. Just be aware that the chapters are very different. After inadvertently revealing something in the SAT's chapter 5, we learned that in the school version's chapter 5 was about 3/4 of a chapter behind. Pages off too, so if using for a class make certain you communicate.

that this is NOT the original story needs to be made much clearer in the description - lots of issues when your student uses this book as their own in which to underline rather than the class copy in which they cannot underline - to find there are lots of differences! VERY disappointing

Purchased for my niece in high school she loved it. And was happy k. She was one of the only few students that was prepared. Buy now after reading this comment lol

This is a great classic literature book and the vocabulary study is simply a bonus component. Also, it is convenient to build your vocabulary while reading a great book because to have your child sit with a dictionary beside them to look up words they may not fully know interrupts the story line, but this allows them to get the exact definition on the spot rather than having them use only context to determine the definition.

This book is an excellent version for any reader. Although it does not contain footnotes, it does offer definitions for all of the "big words" in the book so that it really makes it a quick read. It is an EXCELLENT tool for SAT/ACT Vocabulary prep with all of its definitions.

The first SAT Score-Raising Classic we bought but if it goes well, we will buy more. Contrary to some of the reviews of other score-raising classics, this DOES have bolded words, so it's easy to find the SAT words in context and the glossary for each is right there. Hopefully, this will help make SAT studying fun and we'll get others. It's reading a class and getting more out of it at the same time.

great

Must have, great vocab
